24 HOUR Turnaround Where Possible

Express Turnaround

An express turnaround is available on most jobs. Please enquire for prices. Some tasks will require longer than others for testing purposes.

All engineering work will incur a labour charge. Should a problem be fixed under the terms of the warranty then this labour charge is dropped.

We aim to turn around all repairs within 24 hours. Should we require your system for a longer period of time then you will be informed.

All Computer Systems supplied by us carry a 12 month Return To Base Warranty. This covers Hardware and labour only provided that the warranty seals are intact. This warranty does not cover software related problems under any circumstance. All software only repairs are subject to a labour charge. Please ensure that all data is backed up before booking your system in. EZ Computers accept no responsibility for the loss of data however caused. All prices include VAT

Please ensure that you are happy with these terms and conditions prior to booking your system in. We are not able to refund labour after a repair has taken place.
